Robin Dear,

The first thing I like to say — this is the only place I can send to write, I would like to write in a place where I can think of you (romanticly - ha!, ha! ha!). Its been a very long year for me and probably for you to - getting all that mail for you in that short period of the school day. is Homeroom was great. You were my main back-up and I didn't do bunk. Next year we won't have homeroom

together but I hope we have some classes together. Oh. Robin, you were great in the play - brings back memories of "Little Mary Sunshine". I really enjoy watching you fly through the air? I'm overwhelmed (I think I spelled it write) in what you wrote in my yearbook. We've been friends for quite a long time and I also can say that I love you too!!! You're a very cute gal and very easy to get along with (I thought that, when I came to St. Paschal). I didn't get a picture of you, but I'm glad I had a chance to write in your yearbook.

Friends for a long time & Peace

(P.S.-Sorry! Have a fantastic summer hope to see you in the sun. See you next year, anyways, take it easy!)

MIKE ZASLOVE: Football J.V. 3, Baseball Var. 4,

Robin~
you know kid, we've been through alot thick & thin. I don't think that we've ever been as close as we are now. I know we'll always BE friends cuz we've lasted this long. Some of its been hell. I really don't know what to say just that i'm really glad that were friends and that your going to be together with Pat for a long, long time. Rob- you were really great in the play. Be cool with Al even though he doesn't deserve it. When your down in L.A. Rob- you gotta write me and i'll give you a call now and then. Give

your Dad all my love. When your down there don't get into any trouble cuz i'd hate to see my best cousin and friend in trouble. When you look at me in this year book don't look at that close up cuz its gagish! Good-luck with everything I know you'll go far in whatever you do. Always be your sweet pretty self. Don't do anything i wouldn't do so be cool. When we go up to yosemite i won't go up there unless you do. Come over and give me a call anytime you need me i'll always be there.
LOVE & friends
Forever, Stacey

"You knew I was an imposter because of my curly hair."

"Give me a dime little girl and I'll grant you three wishes."

"What did you say about my purse?"

"Keep your hands to yourself!"

"I don't care how much she gave you, you said I could have the next dance."

"We're modeling the new uniform possibilities."

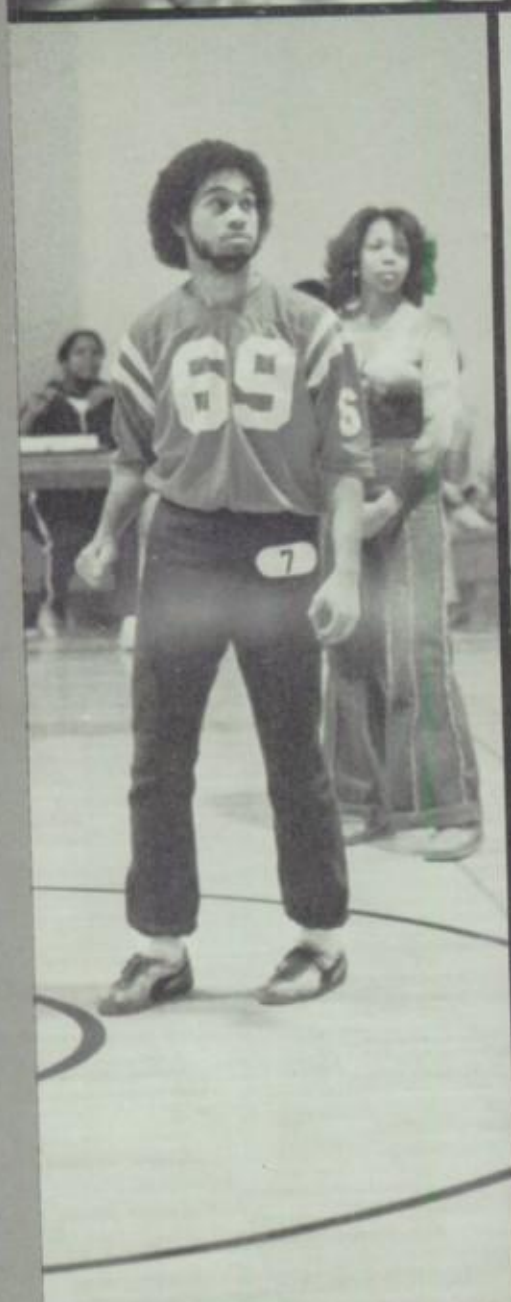
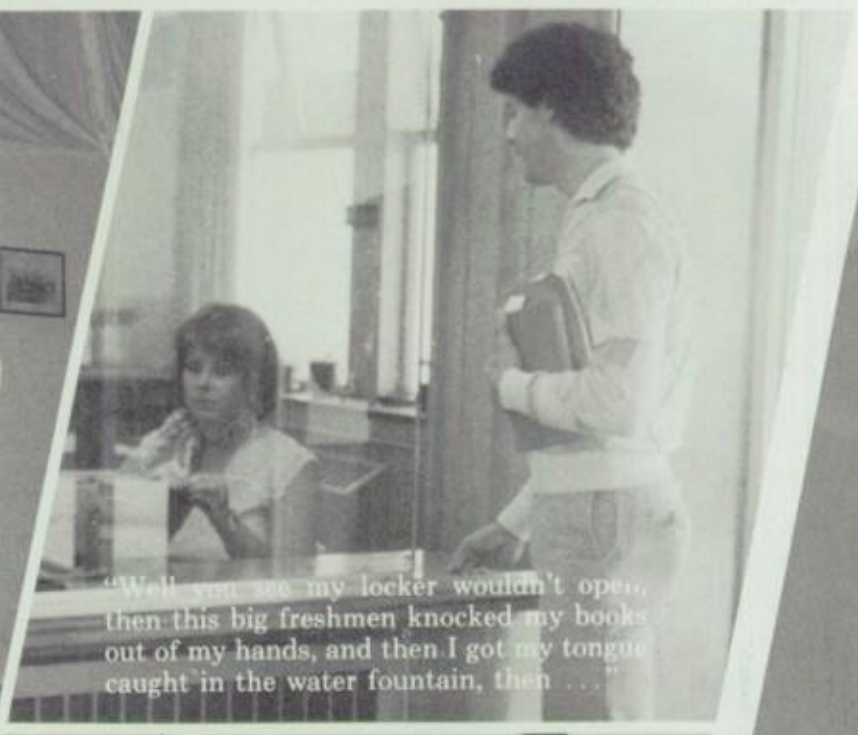
SENIOR DE

As Seniors at Bishop O'Dowd High School, we have spent four years of our lives preparing for tomorrow's confrontations. Constant struggle, pressure and turmoil made it all appear worthless at times. But all in all these days shall always be remembered as the most enjoyable and exciting years of our lives. Now our crazy, daring fears must be left behind; never to be repeated; only resuscitated by fond memories.

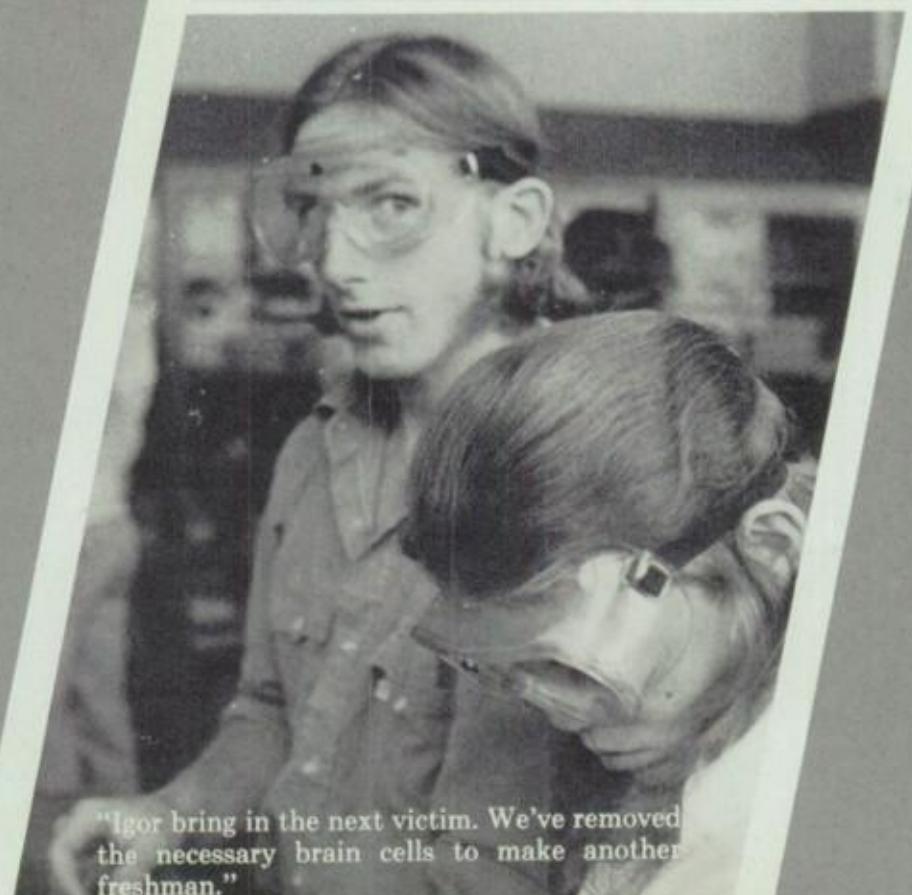


"What are those little pills?"

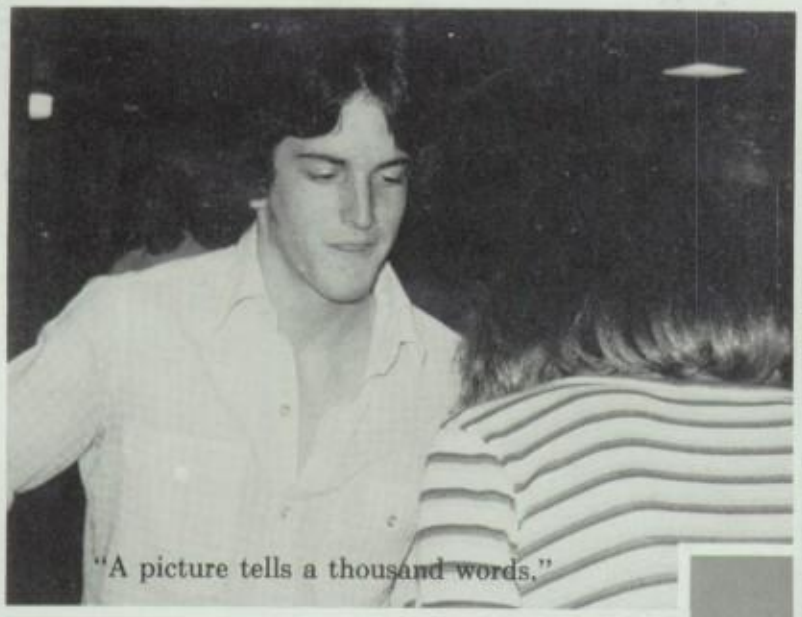


"Well you see my locker wouldn't open, then this big freshmen knocked my books out of my hands, and then I got my tongue caught in the water fountain, then . . ."

"Please Mr. Allen, don't make me sweep anymore."



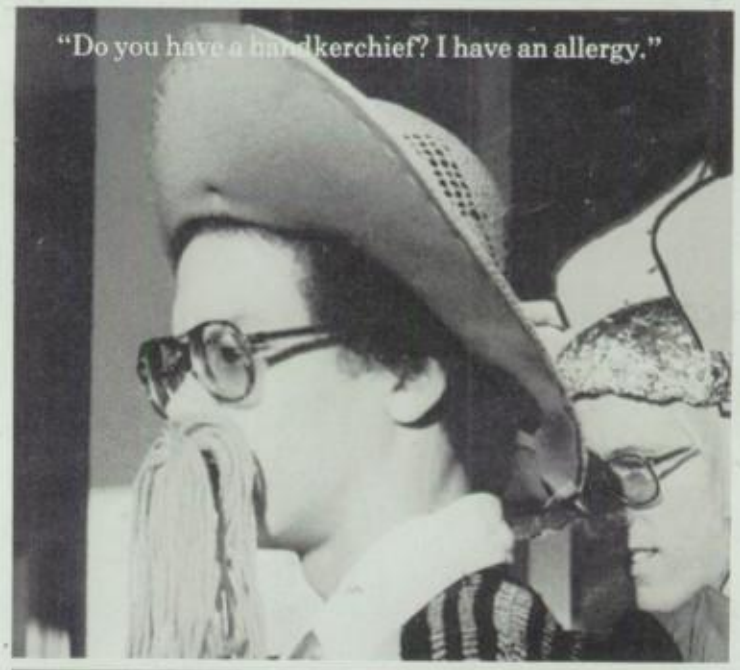
"Igor bring in the next victim. We've removed the necessary brain cells to make another freshman."



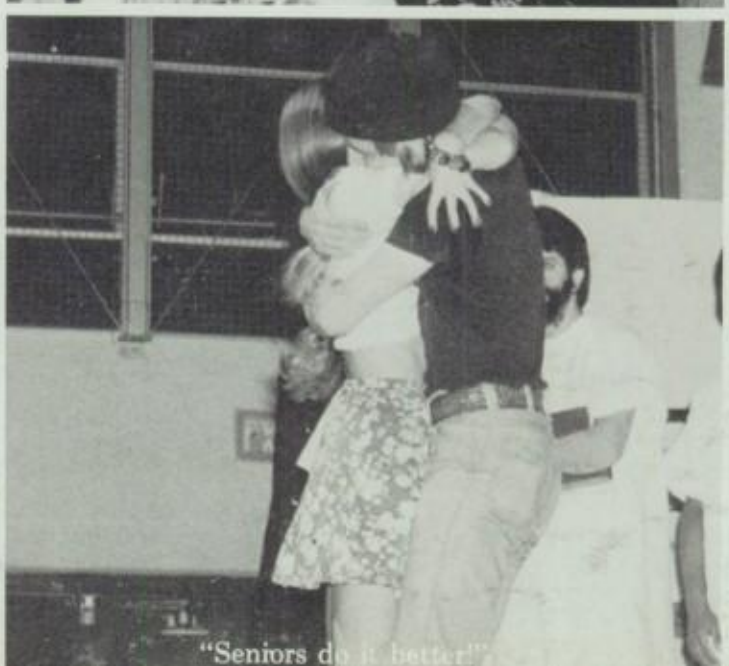
"A picture tells a thousand words."

"I swallow footballs for lunch."

"I just know th[illegible]are talking about me again."



"Do you have a handkerchief? I have an allergy."



"Seniors do it better!"

DICATION

The security we had in these years came from our friends. Good friends are the best friends, but as our lives move on so shall they. Hopefully as we leave Bishop O'Dowd we are well aware of our capabilities and are prepared to overcome any obstacles that might oppose us. The most important thing in life is not the triumph but the struggle.

Good-bye Bishop O'Dowd we wish you and next years Seniors well.

M. Walsh '77

Goodbye to all my friends. May life be only joyful in your years to come. Enjoy it to the fullest.

Dear Robin,

Hi Honey. Well last year we were pretty good friends and still have to say the same for this year. your a beatiful girl on the outside and on the inside. I sure do hope your modeling career goes as far as you like. Maybe we can get together sometime in the summer and have a good time like the times before. Take care of yourself and all your young men!

Love always,
Kim

Robin,
This year we didn't have any classes together - but we still managed to get drunk together - that may sound stupid but I had a lot of fun - before I flashed you helped me alot when I thought I was in trouble and you helped me have confidence alot. I thank you. Next year we have homeroom together - hopefully we can do more things together - Go to more parties and get togethers and share many more (I mean it) great times together. Keep in touch over the summer and I'll see you the last day of school - maybe we can party together. I love you. Stay Beautiful

Love you

The majority of the varsity team also qualified for North Coast. This great success was due to the dedicated coaching of Mrs. Jan Hagen.

DEAR ROBIN——

I really dont know how to start. You are the only girl I have ever loved as much as I loved you, you mean a whole lot to me and I will never lose that feeling for you, no matter what happens. I am really glad we have become so much closer this year because you are a beautiful young girl on the outside and on the inside well it's just indescribable. Robin, i wish you would of told me the truth at the start when i asked you about Pat, when you couldnt tell me straight out that really hurt me more than anything because i had to hear it second hand. I know you like him alot because you said in Stacey's yearbook that you were afraid of going further because you might find yourself falling in love. I'm happy for you Robin, you found somebody you like and that's good. But the is one thing I cant understand, why couldnt you of told me the truth straight out since you told me you wanted to be close friends, but thank you anyway for telling me, it took away some of the hurt.

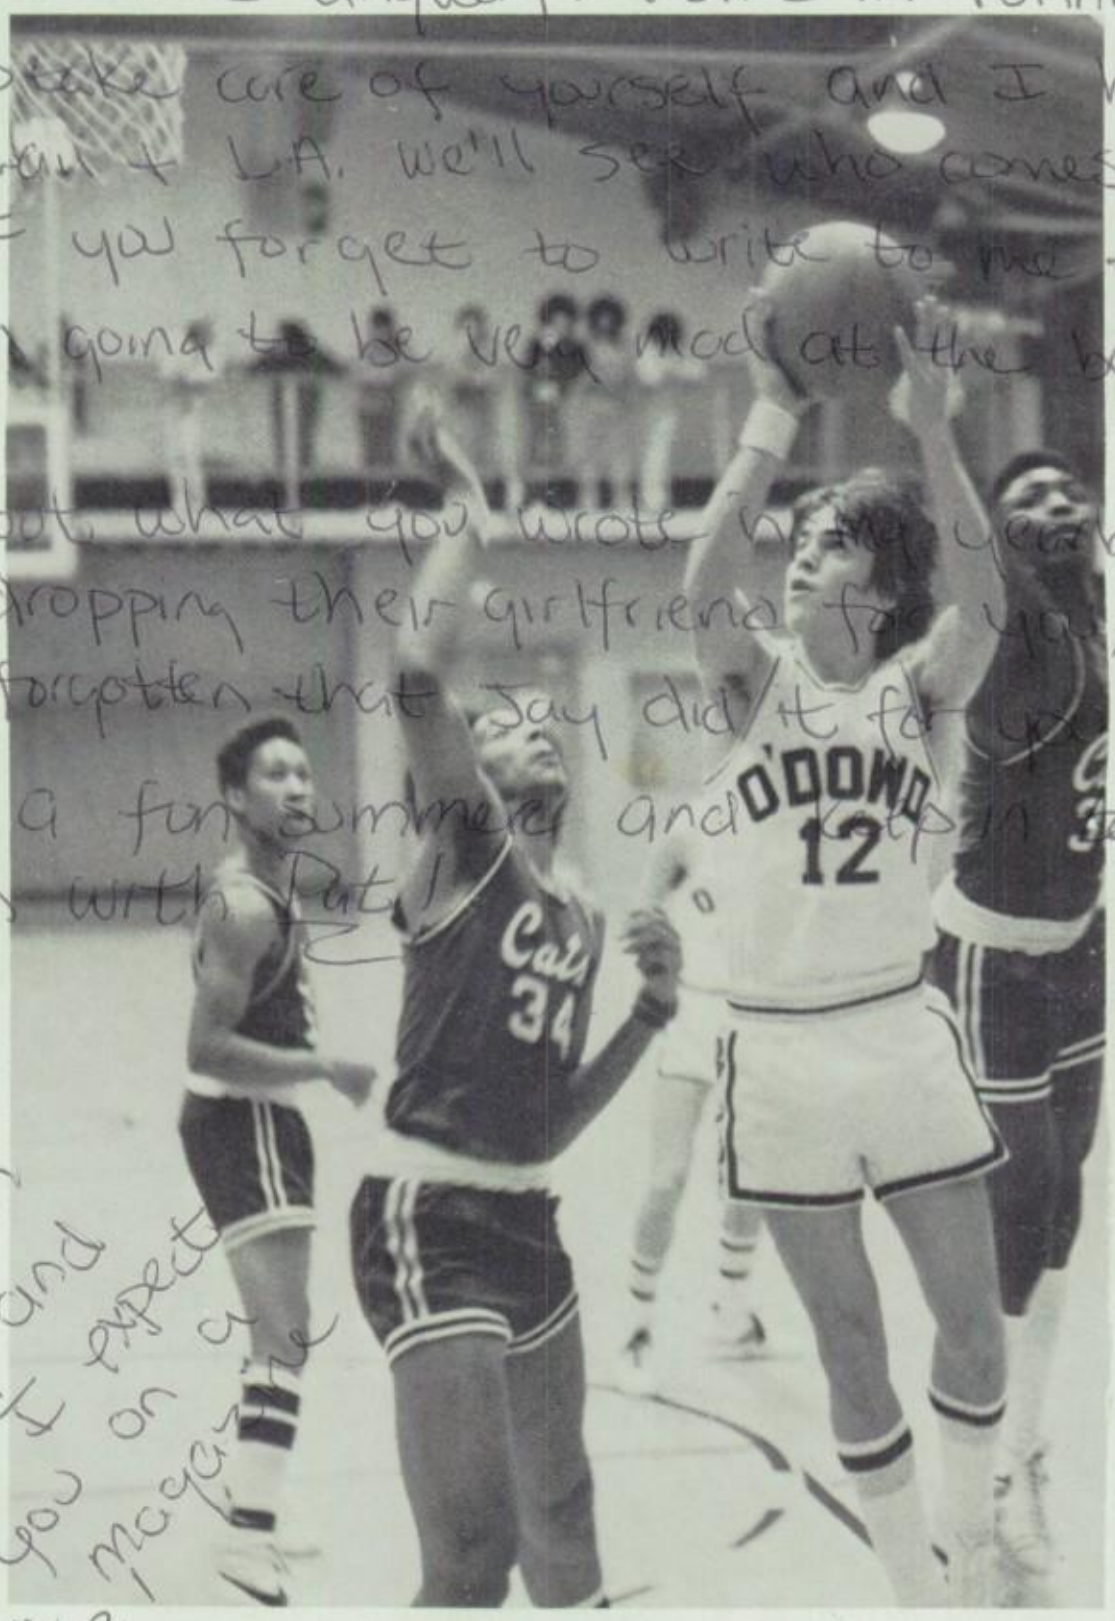
I have had a lot of terrific times with you over the year. The best and the one I'll never

forget would be the "Soph-Hop!" You were the prettiest girl there and I was lucky to be the guy with you. I'm sorry you got so mad that night at the park,

Otto Frei—Jules Borel Co.

if I had known how you felt about the people getting in the car I wouldn't of let them go in. Oh well! I had a fantastic time anyway. Well I'm running out of things to say. So take care of yourself and I hope you have fun in Hawaii + L.A. We'll see who comes to school tanner! If you forget to write to me from L.A. and Hawaii I'm going to be very mad at the beginning of school.

Oh! about what you wrote in my yearbook, about no one dropping their girlfriend for you, you seemed to have forgotten that Jay did it for you! (and so would I) So have a fun summer and keep in touch — and have fun with Pat!



P.S. Good luck in your modeling and ballet! I expect to see you on a cover of a magazine this summer!

Kinda sloppy sorry!

Dearest Robin—

This has our second year together
AND I've enjoyed every bit of it and every bit of
you (Ha Ha). You really made my last two yrs here
good especially the musical. I'll never forget
your lights. We still have a date to go out.
Think about it. I'm really going to miss you
so lets stay close. I love you much. Take care
of your beautiful self.

Love you greg

Dear Robin,

Another year is almost over and we have two more. Hope they will be just as fun as this one. I've really had a fun time. We've been friends now for two years and for more, I hope! We have had our differences but we have had really fun times. At least to me they were. Remember the Soph-Hop because I sure well. Thanks for letting me use your sun lamp. Remember our little plan?? You sure looked cute that night. We'll have to do it again sometime.

I hope we can stay good friends or even become better friends you were great in the play. I sure hope things work out between you and "A&W" Remember how about: wolf, drawers naked etc.

It's been a whole lot of fun knowing you these past 2 years. Track has been sort of boring this year. I think that it was because last year it was my first year of running here. Don't worry I won't forget to tell Mr. Night time (P.M.) all about her. Have a great summer and I'll see you next year.
Love,
Kenny.

Hey sweetheart! Let's go kick some field goals.

Maybe if we hit enough balls all at the same time, they won't return.

Robin,
Well now that we have 3 kids, I guess we'd better get a new house and all (because I've decided not to run out on you anymore). When we move in we'll have a nice candle-light dinner with a lot of good food, wine and plenty of beautiful flowers just for you. I know it's really been tough on you (because I've run out 3 or is 4, know be 5, hummm...6, 7— oh well!) but I'll really promise to make it up to you somehow (we might end up with 4 kids) because you've really been good to me. — Such is life, getting a little more serious, I'm really glad that we had the chance to become good friends because you're a really sweet person (inside and outside) who I can depend on to always brighten my day, or night, or whatever! You've become someone who I can trust to help me through a crisis like what you did for me at the Amador Relays when Tanya & I weren't exactly seeing eye to eye (I still have the lucky Pretzel you gave me that night... just kidding !!!) It's also been fun seeing you reach (or jump)

When the cat is away the mice will play.

What did you say you put in this?

to the sky (well 5 ft. is almost there, isn't it), I have a great time (coaching?) you for a while. You've probably heard this a million times, but for the million and one time — you very beautiful! You radiate your beauty to every one around, and that is something in itself. The beauty that I'm talking about, came to such life during West Side Story, the boy's gym will never, ever, be the same! You were really a great preformer and I hope you continue the excellence thru the next two years. If you go out for soccer (which I hope you do) I'll be looking for you. Oh don't forget my #30 because we may have a Championship team. Anyway, this year's gone by so fast, I wish really could have become much more closer (we still have one year in the same old B.O.D. though) because to agree

Hey Lou, here's a prime candidate.

a friend like you haven't already. This may sound cliché but I truely wish you the best of luck in what ever you choose to do in life because life is not always easy as I have found out this year. If you ever want to get together so we can do something crazy, just call me (339-1634) because I feel that I owe you a great deal. Have a really super summer (it's short so enjoy it all), don't do anything anybody else would do, and let yourself go, for life is just a second in time. I'll be seeing ya, darling, sugar, honeypie, sweety, cutey, foxy, lovely, irresistable. Oh, I almost forgot - I won't be able to make it home tonight because of an important business meeting I've got, so you don't have to wait up for me!

Love,
Jeff

P.S. Thanks for everything

The Game Is Over

Dear Robin—

Hey Rob— What's happenin over at "the school on the hill." Probably more than what's going on down here. It's dead! Only 3 more days and it'll all be over. O well. It seems weird for me to be writing in an [illegible] yearbook. This y.b. is better than ours by far. I must prepare you Rob, this is gonna be an ego builder of a signature. But whatever I say, I want you to know that I sincerely mean it. O.K.?

It's funny how we've only known each other for almost a week (it'll be a week tomorrow, Wednesday) but it really seems that we've known each other for a longer time. I've learned so much about you over the weekend and those [illegible] we talked on the phone that I feel that we've known each other since the beginning. You are such a warm and open person — [illegible] I believe deepest feeling is some[illegible]. To trust an almost total stranger with your [illegible] things. I want to thank you for your trust. cont. p. 14
